

**Tony Colantonio, B. Arch, L3 ITC Thermographer – Retired (PWGSC)**

Currently retired, Tony has over 38 years of experience in the area of building science and infrared thermography. He has worked in multidisciplinary federal government groups for 34 years developing non-destructive techniques and programs to evaluate building performance in architectural disciplines in addition to acting as a departmental expert advisor on building envelope design and assessments of major capital projects. He has fostered the growth of the building science industry through federal R&D funded programs in product, knowledge and assessment methodology development. He was an active voting member in over a dozen CGSB and ASTM standards and continues to participate in ISO working groups to rewrite IRT standards for building applications.

**Steve Laviolette, P. Eng. – BPA – Project Director**

Steve has spent his entire career specialized in Building Envelope Engineering, but he learned the field on the job like most old timers in the building envelope industry, while leaning on his training as a structural engineer. Steve’s broad experience includes building envelope assessments and investigations, B.E. rehabilitation design and implementation, inspection of new and retrofit construction, and building envelope design review, including as the designated Building Envelope Consultant for major projects. Steve’s early experience prompted him to start his own firm in 1996, before merging his firm with Paterson Group in 2004. After 19 years as the Director of Building Sciences for Paterson Group, Steve joined Cleland Jardine Engineering (now BPA) in 2023 as their Senior Building Envelope Engineer and a Project Director.

**Planned Agenda**

11:45 am	Registration and Networking
12:15 pm	Lunch Served
1:00 pm	Opening Remarks
1:05 pm	Session 1: Tony & Steve
1:30 pm	Refreshments and Networking Break
1:50 pm	Session 2: Alex & Matthew
2:40 pm	Q&A session

Seminar fees	Premium Corporate (incl. Premium Plus)	Corporate Members Individual Members	Non-Members
<b>Please register by Noon on Tuesday, September 24, at 2PM</b>	<b>FREE</b>	<b>\$60.00 (plus HST)</b>	<b>\$95.00 (plus HST)</b>

Thank you to Morrison Hershfield for hosting and recording our online sessions. Thanks also to Ontario Construction News for partnering with BECOR to reach a wider audience

**This seminar is Eligible for 2.0 hours of structured ConEd**  
**Whether a BECOR member or not, you must register to attend this seminar.**

**We respectfully request that you register for this seminar no later than Tuesday, September 24, at 2 PM. No refunds will be provided after this registration deadline.**
